

YOUTH FUTURE CREW ... now recruiting!!

headspace exists to benefit young people and we can't do that if we don't hear or learn about things from young people. So our Youth Future Crew is an advisory group who informs us on a range of subjects and get involved in promoting our services to young people.

When

The group decides when they meet, mostly on a weekday afternoon after school or work, to organise events and activities!

Where

Usually at headspace Geelong, but often go out for meetings to a café or other suitable venue.

We are always looking for new members aged 12-25 years. At the moment we're especially pitching for a few young guys to come on board, but if you are interested no matter who you are then we're keen to hear from you.

There's an application form to be completed and an interview with the group's facilitator and 1-2 of the current crew but it's not that difficult—and it could be a plus for your resume.

It doesn't matter if you have never used our service—having a genuine interest in how services are provided to young people is what we look for the most.

There are lots of interesting elements to our group and there's even a chance for you to get some professional skills development in the role.
