

NORTHERN COMMUNITY ICE FORUM

Methamphetamine — Understanding the Impact

Wednesday 25th November

10.30am-1.30pm

The Mawson Centre

2-8 Main Street, Mawson Lakes

Topics will include:

- What is methamphetamine and who uses it
- Patterns and trends of use and responses
- The latest epidemiological and treatment research
- Best practice treatment and intervention options
- Available services in the northern region
- How we can improve responses to methamphetamine use within our community

Who's invited:

- Community members
- Service providers
- Health professionals

This free community forum will look beyond the headlines and provide real information about Ice use and other vital areas of prevention, treatment and support.

Information about referral options and helpful resources will be available.

Light refreshments will also be provided.

To register:

Book online at www.eventbrite.com.au
or call (08) 8209 0700 before
Tuesday 17 November 2015.
