

## ArtSpace | Artist Submission Form

### *Connection Exhibition*

headspace Darwin wants to bring colour and art into it's waiting room in the form of a youth friendly gallery, ArtSpace. In the first 2 month rotation, ArtSpace will explore the theme of connection. Our ability to connect shapes from everyday; how we explore our inner most thoughts and emotions, how we relate to others and how we interact with the environment. Does being connected in one way mean we disconnect from others? How does vulnerability, shame or fear influence our connections? What makes a strong connection? headspace Darwin hopes that you will help answer some of these big questions through painting, photography, digital and graphic mediums.
