

Placement Information

If you think a placement with us may be of interest to you, please note that we experience high demand. Because of this we have a process. To make sure this process is fair and equitable we ask you to read the information below to determine if we have a suitable placement for you. We offer placements within our Intake team (completing psychosocial assessments and case coordination). Because our model relies on the Medicare Better Access model, all counselling is provided by qualified mental health Clinicians registered with Medicare; therefore none of our placements involve counselling specific work.

Masters of Clinical Psychology and Educational and Developmental Psychology students

headspace Nundah are interested in taking on students enrolled in a psychology Master's program, however we are currently unable to provide any onsite supervision. If you are interested in completing a placement with us, please discuss this with your relevant Placement Coordinator.

4+2 and 5+1 Psychology students

For Psychologists undergoing provisional registration through the 4+2 or the 5+1 pathways, we arrange a couple of placements each year through our local universities Placement Coordinator's. Please talk to your Placement Coordinator for more information.

Our Intake Clinician position is suitable for Provisional Psychologists; however we currently have a low turnover of positions. When positions are available, we advertise on www.seek.com.au and www.aftercare.com.au

If you are interested in completing volunteering work as part of your internship year as an Intake Clinician, please email your current CV, supervision arrangements and days available to work to Casey.Mcdonald@aftercare.com.au and cc; to Headspace.Nundah@aftercare.com.au .Please note that we currently do not have any capacity to provide formal onsite supervision.

Bachelor of Social work and Masters of Social Work (qualifying) students

We sometimes have capacity to take on a fourth year Social Work student. This is arranged through the universities Placement Coordinator. Please contact your Placement Coordinator if you are interested in completing a placement with us.

Those with an undergraduate degree in a relevant field can check www.seek.com.au and www.aftercare.com.au for paid positions as an Intake Clinician.

Bachelor of counselling students

We currently do not offer any suitable placements for counselling students. As indicated above, all counselling work is provided by qualified mental health Clinicians who are able to obtain a Medicare provider number.

Nursing & Allied Health Placements

We currently do not have any nursing or other Allied Health (Social Work, Occupational Therapy etc.) students or volunteer placements at this point in time. However, keep checking our page for future updates and availabilities.

TAFE students

If you are studying a diploma or certificate course (e.g. Youth work or Community services) placements will be advertised on this page.

At the moment we do not have any placements available.

Student Requests

Our Staff are happy to answer queries from school and university students about our services. However, we only accept interview requests from formal media channels.
